## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Muskogee County Rural Water District No. 1  
Oktaha, Oklahoma

### *Report on the Audit of the Financial Statements*

We have audited the accompanying combined fund type and account group financial statements-regulatory basis of the Muskogee County Rural Water District No. 1, Oktaha, Oklahoma (the District), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District as of December 31, 2022, and the respective changes in financial position and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6-9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our

inquiries, the basic financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The prior year “memorandum only” comparative information and the supplementary information on page 23 is presented for the purposes of additional analysis and are not a required part of the basic financial statements of the District. Such information has not been subjected to the auditing procedures applied in our audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated April 6, 2023 on our consideration of the District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control over financial reporting and compliance.

## RURAL WATER DISTRICT NO. 1, MUSKOGEE COUNTY

### MANAGEMENT'S DISCUSSION AND ANALYSIS

DECEMBER 31, 2022

Our discussion and analysis of the Rural Water District No. 1, Muskogee County's financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2022. Please read it in conjunction with the District's financial statements that begin on page 14.

#### **FINANCIAL HIGHLIGHTS**

- The District's total operating revenues exceeded total operating expenses by \$59,165. Overall, the District's cash and cash equivalents increased by \$111,831 in 2022.
- The District is indebted by one note to Oklahoma Water Resources Board.
- The District memberships stayed consistent in 2022, increasing from 927 to 934 active accounts.
- The District earned \$4,588 in interest in 2022.
- The District received a donation in the amount of \$100,000 from Muskogee County during 2022 to assist in the construction of a pump station.

#### **Using This Report**

This report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's basis of accounting.

#### **Basis of Accounting**

The District has elected to present its financial statements in the accrual basis of accounting. According to the accrual basis, revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

#### **The Financial Statements**

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows report information about the District and about its activities in a way that helps answer this question.

Statement of Cash Flows report information about the District and about its activities in a way that helps answer this question.

These three statements report the District's net position and the changes in them. You can think of the District's net position – the difference between assets and liabilities – as one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in water rates paid or charged and the condition of the District's water system, to assess the overall health of the District.

The District has only one type of fund or activity, which is defined as *Business-type activities*. This is considered a proprietary fund. This means the District charges a fee to customers to help it cover all or most of the cost of certain services it provides.

### **Net Position, and Changes in Net Position**

The District's Net Position was higher in 2022, increasing from \$1,072,143 to \$1,235,118. Our analysis below focuses on the Net Position (Table 1) and Changes in Net Position (Table 2) of the District's business-type activities.

**Table 1 – Net Position:**

Net Position, Ending	<u>\$ 1,235,118</u>	<u>1,072,143</u>	<u>162,975</u>

The District's total revenues increased by 38.29 percent (\$178,913). The total cost of all services (expenses) increased by 9.34 percent (\$41,265).

### **Capital Assets**

At December 31, 2022, the District had \$548,931 invested in capital assets, net of depreciation, including land, the water system, vehicles and equipment.

### **Long-Term Debt**

The District is indebted to Oklahoma Water Resources Board on one note obtained for previously extensive extensions and payment of other debts. The outstanding principal balance owed on the note decreased from \$83,200 to \$51,400 during the 2022 fiscal year.

### **Economic Factors and Next Year's Budget and Rates**

The District has absorbed some of the City of Muskogee's rate increases, but may be forced to increase customer rates if additional increases are made by the City of Muskogee.

The District's budget for fiscal year 2023 will remain much like previous years budgets. Your Board of Directors does anticipate small budget changes made primarily to better allow for office and field personnel operations, without the necessity of hiring additional part-time or permanent employees.

### **Contacting the District's Management**

This report is designed to provide our customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact the District Office at P.O. Box 156, Oktaha, OK 74450 or call (918) 682-7903.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Board of Directors  
Muskogee County Rural Water District No. 1  
Oktaha, Oklahoma

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Muskogee County Rural Water District No. 1, Oktaha, Oklahoma (the District), as of and for the year ended December 31, 2022 and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated April 6, 2023.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of District's internal control. Accordingly, we do not express an opinion on the effectiveness of District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we identified one deficiency in internal control that we consider to be a material weakness. This finding is identified as item 2022-1 in the accompanying Schedule of Audit Results.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Disposition of Prior Year's Significant Deficiencies**  
**December 31, 2022**

2021-1 Lack of Segregation of Duties

*Finding* – Presently, the same individual performs all accounting functions; receives utility service-related payments and is responsible for service billing and adjustment, also makes bank deposits, writes checks, reconciles the monthly bank statements and prepares monthly financial reports. This is considered a lack of segregation of duties.

*Recommendation* – While it may not be cost effective to hire additional administrative staff that would be necessary in order to adequately segregate the responsibilities, the District should consider a formal evaluation of their risks associated with this lack of segregation of duties. In response to the identified risks, consideration should be given to identifying and implementing controls that could help mitigate the risks associated with the lack of segregation of duties.

*Disposition* – This continues to be a finding.

**MUSKOGEE COUNTY RURAL WATER DISTRICT NO. 1**  
**Schedule of Audit Results**  
**December 31, 2022**

**Section 1 – Summary of Auditor’s Results:**

1. An unqualified opinion report was issued on the financial statements.
2. The audit identified a material weakness, item 2022-1, in the internal controls.
3. The audit disclosed no instances of noncompliance.

**Section 2 – Findings relating to the financial statements required to be reported in accordance with GAGAS:**

**2022-1 – Lack of Segregation of Duties**

**Condition** - The inherent limitations resulting from a small number of employees performing functions that would normally be divided among employees were a larger number available prevent a proper segregation of accounting functions, which is necessary in order to assure adequate internal accounting controls.

**Criteria** - An organization should ensure that there is a proper segregation of duties regarding cash collections and the payment of expenses.

**Cause** - The District is not large enough to justify the hiring of additional personnel.

**Effect** - There is always the possibility that not all collections are actually receipted or deposited, and the possibility that funds expended are not used for actual District obligations.

**Recommendation** - The current procedures should not be changed. However, there should be additional personnel instilled into the collection, receipt, deposit, reconciliation and payment procedures when this becomes economically possible.

**Response** - Additional personnel will be hired when the actual funds are available.

Oktaha, Oklahoma

Notes to the Financial Statements

December 31, 2022

## Note A – Significant Accounting Policies

### Business Activity

Muskogee County Rural Water District No. 1 (the District) was formed under the provisions of Title 82, O.S. 1981, Sections 1324.1-1324.26 inclusive. The District operates as a nontaxable government agency to service residents of the Muskogee County Rural Water District No. 1. The District's primary income is from the sale of water to its members in an area around Oktaha, Oklahoma.

### Basis of Accounting

The financial statements are prepared on an accrual basis of accounting, which is in compliance with accounting principles generally accepted in the United States of America (GAAP), and which recognizes revenues when earned and expenses as incurred. Interest earnings on certificates of deposit are recorded when such interest is actually received by the District. Generally accepted accounting principles include all relevant Government Accounting Standards Board (GASB) pronouncements.

### Deposits and Investments

The District's cash accounts at December 31<sup>st</sup>, are detailed as follows:

	December 31,	
	2022	2021
Cash on hand	\$ 300	300
Armstrong Bank, Checotah, Ok-

Notes to the Financial Statements

December 31, 2022

## Note A – Significant Accounting Policies – cont'd

The District's investments are detailed as follows:

	<u>2022</u>	<u>2021</u>
Armstrong Bank, Checotah, Ok- Certificate of deposit no. 544353, dated 2-22-22, due 8-22-23	<u>\$ 265,478</u>	<u>264,085</u>

Oklahoma Statutes authorize the District to invest in certificates of deposit, repurchase agreements, passbooks, bankers' acceptances, and other available bank investments provided that all deposits are fully covered by approved securities pledged to secure those funds. In addition, the District can invest in direct debt securities of the United States unless such an investment is expressly prohibited by law.

Bank deposits are held at several financial institutions and are carried at cost. For purposes of statements of cash flows, the District considers cash and all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

*Custodial Credit Risk* – At December 30, 2022, the District held deposits of approximately \$720,883 at financial institutions. The District's cash deposits, including interest-bearing certificates of deposit, are entirely covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

*Investment Interest Rate Risk* – The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Investment Credit Risk* – The District has no policy that limits its investment choices other than the limitations of state law, as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.

- c. With certain limitation, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a-d).

The investments held at December 31, 2022 are as follows:

	Wtd. Avg Maturity	Credit Rating	Market	Cost
Money market/checking	N/A	AAAm	\$ 401,147	401,147
Trust accounts	N/A	AAAm	54,258	54,258
Certificates of deposit	1.5 Yrs	N/A	265,478	265,478
Total Deposits			<u>\$ 720,883</u>	<u>720,883</u>

Concentration of Investment Credit Risk – The District places no limit on the amount it may invest in any one issuer. The District has the following of credit risk: 37% in Certificates of Deposit (\$265,478), 7% in Trust Accounts (\$54,258) and 56% in Money Market funds (\$401,147).

Fair Value of Financial Instruments – The District's financial instruments include cash and cash equivalents, accounts receivable, accounts payable and notes payable. The District's estimate of the fair value of all financial instruments does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying statement of net position. The carrying amount of these financial instruments approximates fair values because of the short maturity of these instruments.
